AÏGA THERMAL RESORT & SPA – YOUR THERMAL AND TOURIST HAVEN

The new thermal and tourist experience in the heart of the Auvergne volcanoes!

AN **ALL-IN-ONE** THERMAL RESORT

Aïga Thermal Resort & Spa is located **in the heart of the Auvergne** in central France amid a rich history of thermalism since the days of Roman Gaul. Just a few kilometres from Volvic and less than 2 hours from Lyon, the historic village of Châtel-Guyon is the perfect destination for spa treatments.

A gateway to the Auvergne Volcanoes Regional Nature Park and nestled between plain and mountain, our spa town welcomes you to the heart of a unique natural environment: the Chaîne des Puys – Limagne fault tectonic arena, **recognised as a World Heritage Site by Unesco**.

Thanks to **the specific minerality of the natural thermal water here**, our resort specialises in the treatment of chronic digestive diseases (particularly of the intestine) and rheumatic disorders. Our **modern approach to spa treatments** is based on the Thermal Resort & Spa concept: a unique place where you can enjoy the comfort of on-site accommodation and the quality of tailored catering, personalised nutrition, treatments and physical activities – everything you need to feel revitalised. Thanks to over 200 years of expertise, **Aïga is now the European benchmark for microbiota, nutrition, digestive well-being and preventive healthcare**.

By combining unique natural resources and historical know-how, Aïga Thermal Resort & Spa welcomes you to a thermal and tourist experience dedicated to your health needs.

WELL-BEING & LEISURE STAYS

For those who love nature and getting away from it all, Aïga Resort offers a **rejuvenating stay in the heart of an exceptional natural environment.**

A thermal and tourist haven, Aïga resort combines everything you need for the stay of your dreams all on one site: a thermal spa with a 100% natural treatment menu, an integrated tourist residence with direct access to your treatment space, a restaurant, a shop, a wide choice of sports, relaxation and tourist activities, and more.

All tastes are catered for at Aïga resort, whether it's for some relaxing me-time, as a couple or with friends! You're invited to discover all the natural treasures that Terra Volcana has to offer: Volvic stone from the Nugère volcano, its many waterfalls and the La Pierre cave, where you can step inside a lava flow... There are more than fifty natural sites for a lively and invigorating stay.

THERMAL TREATMENTS

Are you in good health and want to stay that way?

Or perhaps your intestinal microbiota are impaired and you suffer from chronic digestive or rheumatic disorders? Châtel-Guyon thermal treatments help you to keep your health in good shape and effectively alleviate the symptoms of rheumatic and joint pains or chronic digestive disorders.

Accessible to everyone, we offer you a natural, effective treatment with no side effects, ideal for maintaining or regaining a better quality of life.

Two healthcare establishments and a specially trained multidisciplinary team provide you with all their thermal expertise (listening, quality of care and dedicated support) in carrying out your conventional or preventive healthcare treatment.

Don't wait to give your health and your microbiota all the care they deserve!
